ABOUT THE COMPANY

We provide fast, reliable, and comprehensive maritime supply solutions to vessels across global ports.

We are built on the expertise of a highly experienced team with a strong background in ship supply, logistics, and marine procurement. With deep industry knowledge and modern operational standards, we ensure precise, timely, and efficient services for every vessel we support.

We offer a wide range of products including provisions, bonded stores, technical equipment, and specialized maritime items designed to keep ship operations smooth and uninterrupted.

Our mission is to deliver trusted, competitive, and seamless supply solutions backed by our experience, quality standards, and customer-focused approach.

DEFINING OUR GOALS

Our primary goal is to deliver seamless, reliable, and high quality supply solutions that support the operational efficiency of every vessel we serve.

Vision

To become a globally recognized leader in ship supply, known for excellence, innovation, and consistent service quality. We aim to expand across international ports and build long-term partnerships that drive the future of modern maritime supply services.

Mission

We aim to combine our experienced team, modern standards, and strong supplier network to offer high-quality products, timely deliveries, and customer-focused service in every port.

GLOBAL SUPPLY

Our global capability enables us to respond quickly, coordinate efficiently, and deliver with confidence no matter the location.

Worldwide Coverage

While headquartered in Turkey, we collaborate with reliable partners across multiple continents.

Ports We Serve

- European Ports
- Middle Eastern Hubs
- Asian Maritime Routes
- Mediterranean Coastlines
- Black Sea Ports

Extensive Partner Ecosystem

We work closely with an established ecosystem of producers, wholesalers, logistics operators, and technical service providers worldwide. This network enables us to source quickly, maintain availability, and reach ports that require specialized arrangements.

LOGISTICS & CUSTOMS SERVICES

Sea, Air, and Land transportation

Fast and dependable transport across all routes.

Domestic Shipping Consultancy

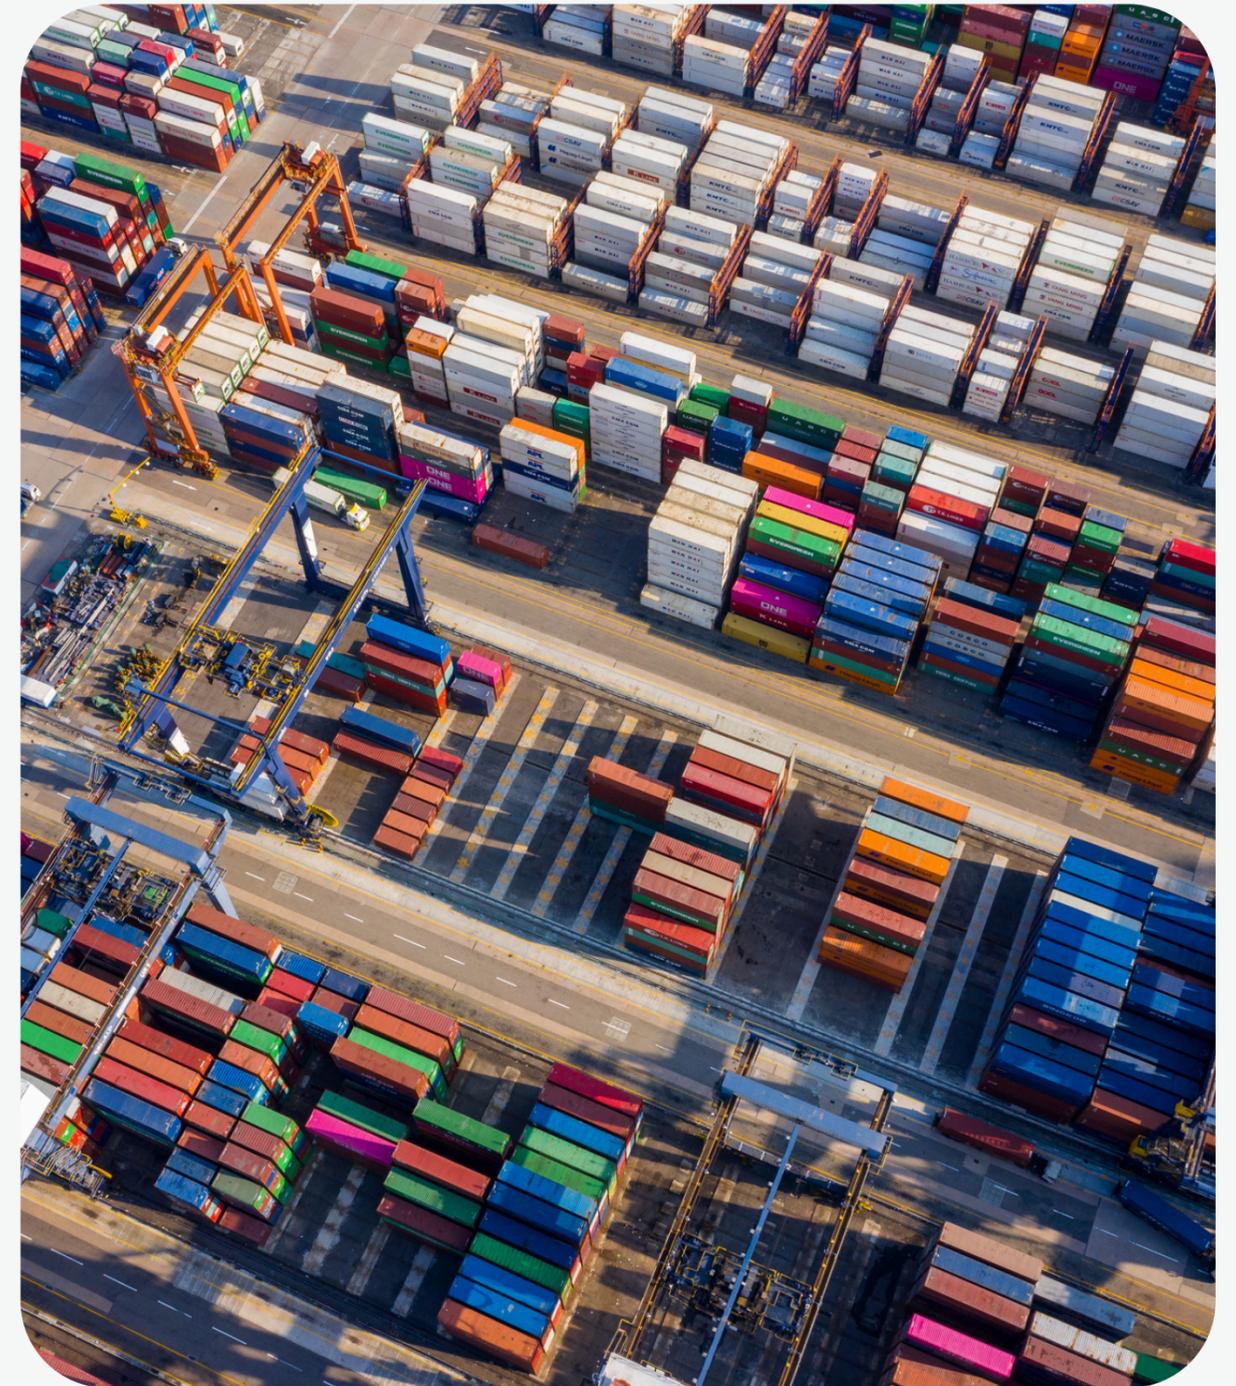

Guidance and coordination for domestic cargo shipments, assisting clients who need reliable support for sending goods across cities.

Documentation and compliance handling

Accurate paperwork to keep shipments on track.

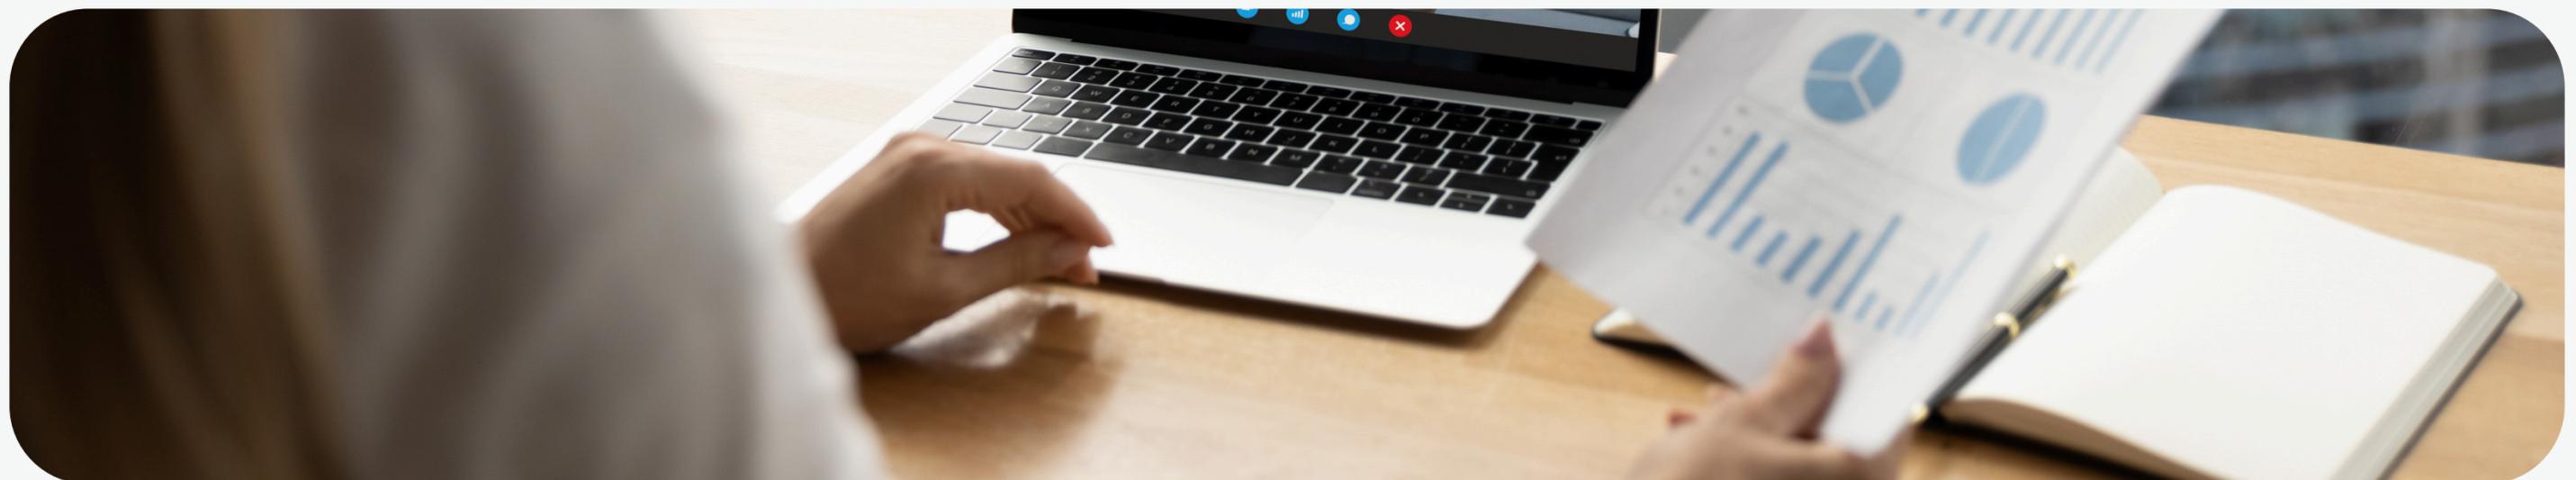

Import & Export Support

Guidance to simplify international trade.

SHIP AGENCY SERVICES

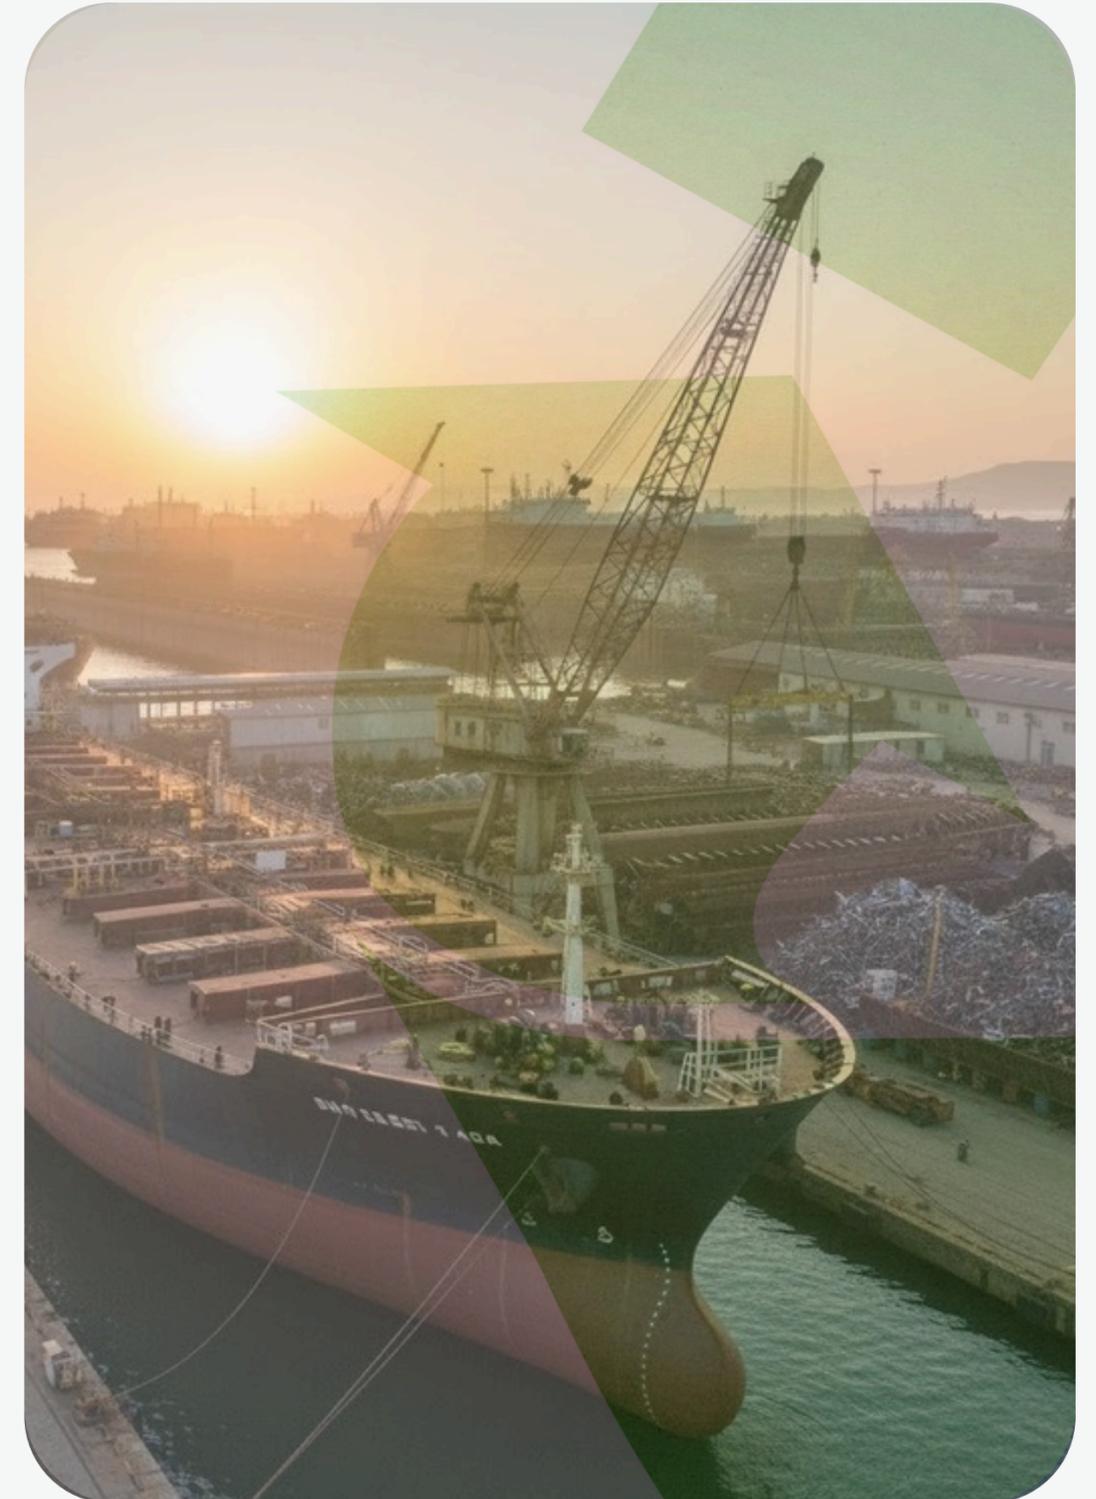

We provide coordinated and reliable ship agency services to support vessels throughout their port operations. Our team ensures smooth communication, fast response, and complete assistance from arrival to departure.

SHIP RECYCLING SERVICES

We provide coordinated and responsible ship recycling support, ensuring safe, compliant, and efficient dismantling processes in recognized shipbreaking zones.

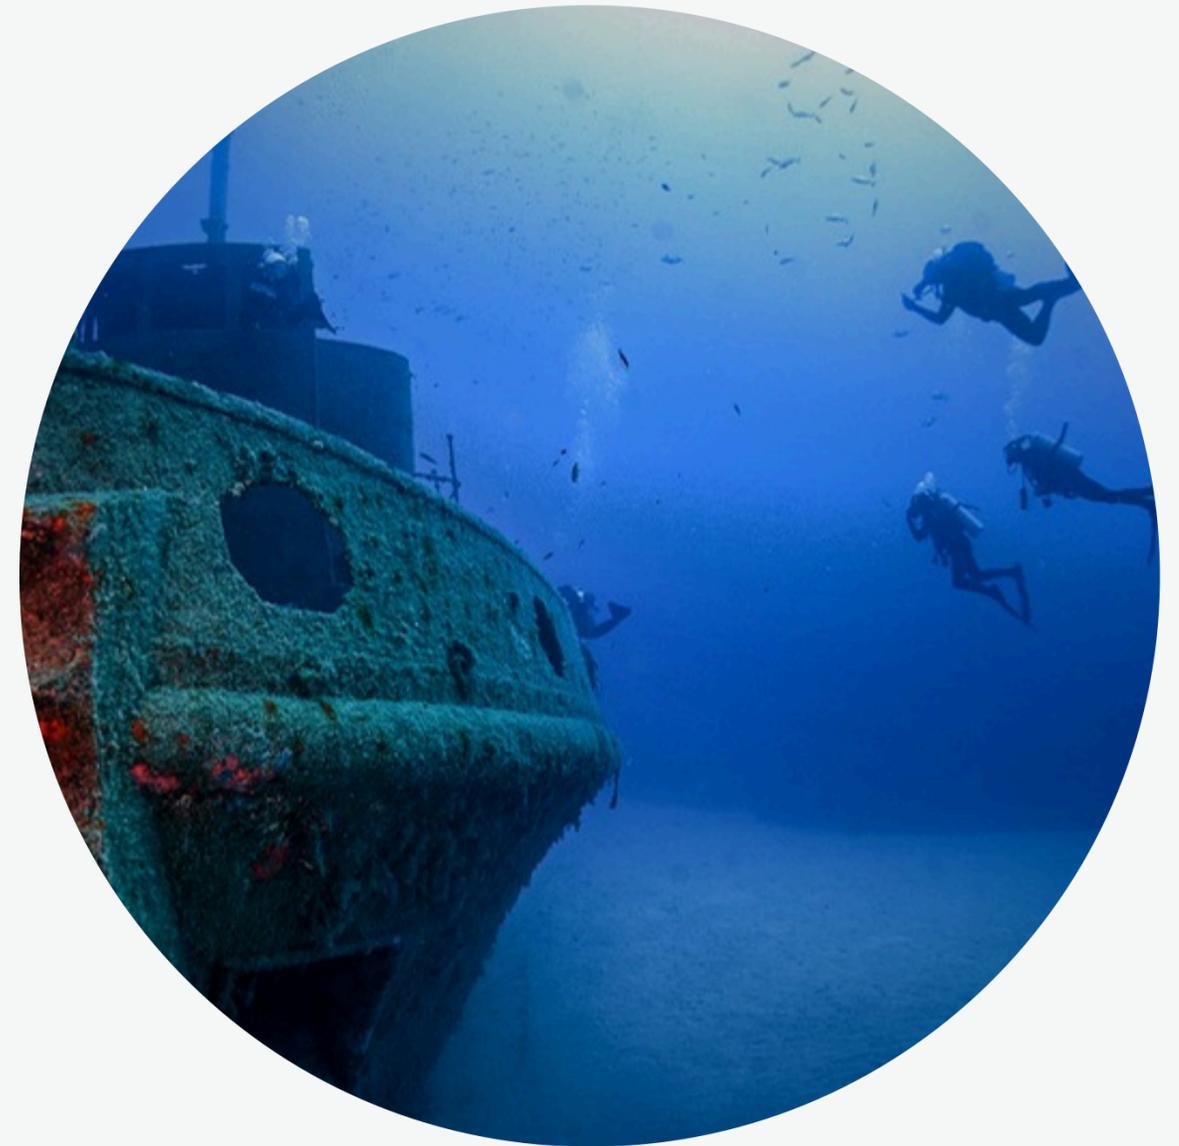

- End-of-life vessel assessment
- Documentation & regulatory compliance
- Coordination with certified recycling yards
- Spare part recovery & material segregation
- Environmental and safety-focused procedures
- On-site supervision & reporting

UNDERWATER & DIVING SERVICES

We offer professional underwater and diving solutions to support vessel safety, maintenance, and operational continuity. Our certified divers ensure precise, fast, and secure underwater interventions in all conditions.

- Hull inspections & cleaning
- Propeller polishing & repairs
- Underwater surveys & reporting
- Leak detection and sealing
- UWILD assistance
- Minor underwater repairs & maintenance
- Search and recovery operations

POWER & ENERGY SOLUTIONS

We provide reliable energy solutions to ensure uninterrupted power supply for vessels, offshore units, and industrial operations. Our services cover sourcing, maintenance, and technical support for a wide range of power systems.

- Marine and industrial generators
- Emergency power systems
- Load testing & performance checks
- Generator maintenance & repairs
- Alternators, starters, and electrical components
- Power system diagnostics

FOOD & CATERING SERVICES

We supply high-quality food products and comprehensive catering solutions designed specifically for the demanding needs of vessels and offshore operations.

Beyond delivering fresh and safe provisions, we support our customers with tailored menu planning, budget friendly supply options, and reliable logistics that ensure vessels are always fully stocked no matter their schedule or location.

Our catering services focus on freshness, food safety, crew satisfaction, and operational efficiency, helping ship owners and offshore teams maintain smooth, uninterrupted operations at sea.

TECHNICAL SERVICES

We provide essential spare parts, repair, and maintenance solutions to keep your machinery running efficiently. Our team ensures vessels remain operational, safe, and reliable at all times.

Hardware & Tools Supply

Expert guidance on strategic planning, operational efficiency, and market expansion

Main Engine Overhaul & Maintenance

Precise disassembly, repair, and servicing of main engines for optimal performance.

Ship Maintenance & Repair

Maintenance and repair solutions to keep vessels operating safely and in full compliance with maritime standards.

Spare Parts Network

We provide access to a broad and reliable network of marine spare parts, ensuring fast sourcing and consistent availability for every vessel.

Bridge & Electrical Systems Repair

Production of bridge and machine control consoles

Machinery & Equipment

We supply a wide range of marine machinery and equipment essential for safe and efficient vessel operations.

YACHT SERVICES

We offer specialized yacht services designed to maintain, upgrade, and enhance the comfort and performance of your vessel. Our craftsmanship and attention to detail ensure high-standard results for every project.

Yacht Maintenance & Repair

Complete technical care, mechanical servicing, and seasonal maintenance.

Interior & Exterior Refitting

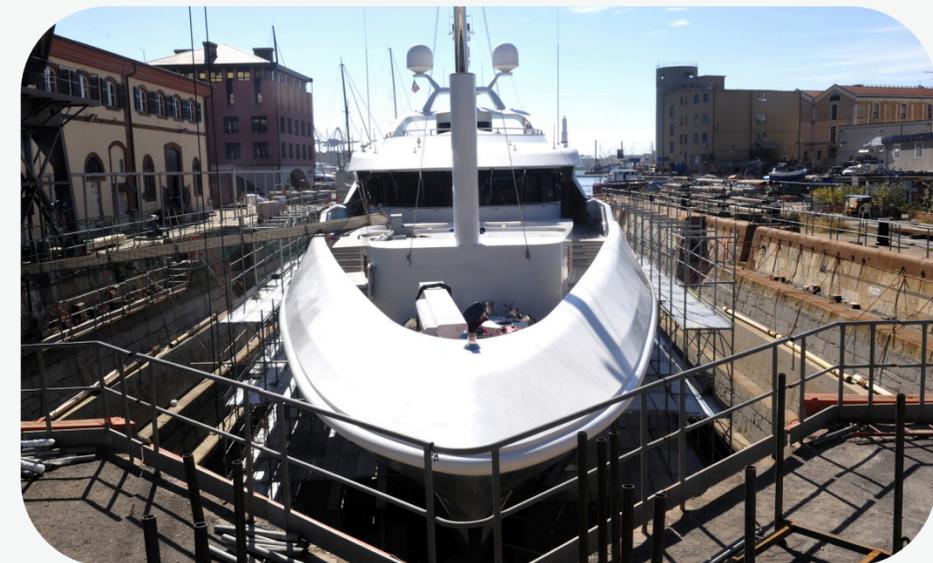

Premium refurbishment, polishing, coating, and structural improvements.

Furniture Renewal & Upholstery

Custom furniture work, fabric replacement, and luxury interior upgrades.

Painting & Surface Finishing

Professional coating solutions for long-lasting protection and aesthetics.

THE BLUVEN ADVANTAGE

Excellence & Value

Premium maritime supplies and services that combine top quality with competitive pricing.

Reliable & Responsive

Agile and dedicated teams ready to support vessels at any moment, ensuring smooth operations.

Worldwide Operations

Providing consistent service and supplies across international ports and remote locations.

Efficient Procurement & Terms
